Trinity Preschool

Our preschool program helps children develop a wide range of skills to best prepare them for school and future learning through:

Our curriculum: Trinity Preschool has a full and varied customized curriculum with fun-filled activities and structured games to help your child develop independence, confidence, and social skills in a fun and friendly environment. We are also fully equipped to carry out well-planned remote/distance learning.

Our educators: Our qualified educators are passionate about helping children learn in a fun and creative way. We value children and invest in quality training and professional development for our educators

Our environment: We have a natural and sustainable outdoor environment that encourages children to freely explore, discover and learn through nature. Our services encourage a variety of stimulating experiences that help children build essential skills. Our educators foster a warm, safe and nurturing atmosphere that allows children and families to feel comfortable and reassured.
